# VOYAGE EN MÉTÉORE

AOC MAURY SEC

## PARCEL AND TERROIR

This wine is derived from an old plot of Grenache noir planted at the foot of a rocky red sandstone slope, as flamboyant as a meteorite in the light of the rising sun. Firmly planted in calcium shale, it faces these reddish colored boulders and invites us to dream of a voyage through space. Orientated North-East, it is MAS AMIEL's coolest vineyard in terms of climate.

## GRAPE VARIETIES

At the crossroads of two geological influences, that of red sandstone, laden with crystalline silica and calcium shale, the strength of this unique parcel lies in its contrast. This unlikely, yet well balanced geology, generates a luminous and bright force, balanced by the dazzling quality of its telluric tension.

Sharpened like crystal, VOYAGE EN MÉTÉORE is intrinsically a metaphysical wine.

## CHARACTER

At the crossroads of two geological influences, that of red sandstone, laden with crystalline silica and calcium shale, the strength of this unique parcel lies in its contrast. This unlikely, yet well balanced geology, generates a luminous and bright force, balanced by the dazzling quality of its telluric tension.

Sharpened like crystal, VOYAGE EN MÉTÉORE is intrinsically a metaphysical wine.

## HARVEST

The grapes are handpicked and then manually sorted twice on a conveyor belt and a vibrating table. A third of the fruit is destemmed.

## WINEMAKING

The wine from this parcel is entirely elaborated in the same 50-hl stainless steel vat.

## MATURING

This product is matured in concrete vats right up until bottling time.

## TASTING NOTES

Floral with well-defined rose, peony, and pleasant spicy flavors, joined by hints of camphor and peppermint, offering airy balance. Fresh aromas and an aromatic ensemble, seductively open up. Elegant palate with plenty of energy, displaying a sapid taut juice with a refined graphite frame. The tasting experience is prolonged by a crystalline sensation.
